

Associate Quality Assurance Analyst

Company: eshots, Inc, the leading Interactive Event Marketing Company, delivers event technologies for all phases of the event lifecycle—before, during, and after your event. The eshots Event Lifecycle Suite is an integrated, proprietary collection of products—used individually or in combination with one another— that allow you to Activate your event, Capture consumer data, and Measure event success. Our platform is used at a number of different events including Superbowl, MLB, NASCAR, College Football, Auto Shows, Ride and Drives, and Concerts.

Job Location: Chicago, IL

Job Description: eshots, Inc. is experiencing rapid growth and seeking an Associate Quality Assurance Analyst with an entrepreneurial spirit. As an Associate QA Analyst at eshots, you will focus on creating test cases and performing manual testing on our consumer facing event websites, tablet PC based data capture products and custom data transfer processes for our client programs. We are looking for a talented, eager individual to join our new Quality Assurance team who seeks an opportunity to grow at a small, rapidly growing company.

Job Responsibilities:

- Develop and execute test plans and test cases
- Create and maintain regression test suites of existing applications
- Report quality of each software release
- Assist with providing technical phone support

Minimum Requirements:

- Bachelor's degree in Computer Science, Engineering, or related discipline
- 1 -2 yrs experience testing Windows desktop applications and web based solutions
- Understanding of database concepts and SQL Queries
- Able to work in a diverse, fast-paced, deadline driven environment
- Able to adapt test cases on an ongoing basis to changing requirements
- Ability to learn new software applications quickly
- Excellent interpersonal, communication and organizational skills
- Availability to travel up to 15% is required.

Benefits:

- Salary plus bonus
- Health Insurance and 401K Benefits
- Casual work environment
